# 1 Choose from these School-Approved Plans:

## Around-the-Clock Plan

The student is insured for full 24-hour a day protection, for school-connected accidents, and at home or away—at play—at camp—on vacation—scouting—amateur sports—youth group activities—or just playing in the neighborhood. Coverage for interscholastic tackle football played in or with grades 10–12 must be purchased separately.

## Schooltime-Only Plan

The student is insured while attending school when school is in session; participating in or attending activities sponsored solely by the school and directly and continuously supervised by a school official or employee, including all sports except interscholastic tackle football played in or with grades 10–12 (unless you purchase football coverage) as well as travel by school-furnished transportation during the school term; traveling to or from the Insured's residence and the school for regular school sessions; and attending religious classes, including travel.

## Football Coverage

Covers injuries caused by accidents occurring while participating in interscholastic tackle football played in or with grades 10–12, or while traveling as a team member in a school-provided vehicle to or from football games or practice, when such travel is sponsored by the school and supervised by school employees. Maximum Medical Benefit is \$25,000 with an optional \$100 deductible. 9th grade tackle football is covered under the Schooltime-Only or Around-the-Clock Plans.

## Extended Dental Plan

Increases the Dental Treatment Benefit for accidental injury to sound natural teeth under the Plans to a maximum of \$25,000 as the result of any one accident. This extended coverage is effective 24 hours a day even when selected with Schooltime-Only Coverage and ends on the opening day of school for the following Fall term. Premium for the Extended Dental Benefit is \$16.00 under all plans. Extended Dental Coverage may *not* be purchased by itself.

# 2 Additional facts about the Plans:

**Effective and Expiration Dates:** Applicants are covered as of the day following the envelope postmark date, but not prior to the opening day of school. The expiration date of coverage under the **Schooltime-Only Plan** is the close of the regular nine month school term, except while the Insured is attending academic classroom sessions, exclusively sponsored and solely supervised by the school during the summer; in such case coverage will terminate at the end of the summer classroom sessions. **Around-the-Clock** coverage ends on the opening day of school for the following Fall term. **Football Coverage** starts the first day of authorized practice, provided premium is paid prior to that date, and expires 7/1/18.

**Student Accident Insurance** covers accidental bodily injury sustained during the term of insurance and which causes loss directly and independently of all other causes. Insurance is good anywhere. For example, if the student buys the Plan at school and the family moves, coverage will continue until the close of the school term at any new public or parochial day school. There is no limit to the number of accidents a student can have paid under the Policy.

### 3 Your choice of benefits

The Policy will pay up to \$250,000 for covered expenses incurred as the result of Accidental Bodily Injury sustained in any one Accident which occurs on or after the effective date of coverage. The first such expense must be incurred within 90 days of the accident (60 days for dental treatment) and the covered treatment, care or service rendered within 52 weeks of the accident. Benefits for covered expenses shall not exceed the specified amounts. The first \$100 of covered expenses incurred as a result of each covered accident claim will be paid, regardless of any other insurance. If expenses exceed \$100, the claim will then be paid on AN EXCESS BASIS, if other insurance or medical service plans are involved (see LIMITATIONS). All benefits are per accident, unless otherwise specified.
