

MEMO

Date: 7/6/2018

To: All Derry School District Staff and Parents

From: Jane Simard, Business Administrator

RE: AHERA Compliance

As required by law, the Derry Cooperative School District must notify you of the location of the AHERA Management Plan. The AHERA Management Plan is a plan which describes the location of asbestos containing materials within the school buildings. The plan is located in each school administrative office. It may be reviewed by contacting the administration or administrative secretary of each school.

A copy of AHERA plans for *all* buildings are kept at the Superintendent of Schools Office @18 South Main Street, Derry, New Hampshire and may be viewed at your request.

If you have any question, please contact me @432-1210 or e-mail me jsimard@sau10.org.
