

*Dear Families,*

*Welcome to the 2018-2019 school year! We hope that your family's summer was wonderful, one filled with great memories. The Derry Cooperative School District staff has been actively preparing for our students' arrival, and we anticipate an exciting year ahead. Today's Open Houses and Sixth Grade Orientation paved the way for a fabulous start.*

*As always, our school staff will be attentive to the needs of our students, particularly with the anticipated high temperatures for Wednesday, August 29th. Please be sure that your children are well hydrated and have additional or refillable water bottles available. We look forward to a successful, collaborative, and an energetic school year with our students and families. Thank you for your continued support.*

*Sincerely,*

*MaryAnn Connors-Krikorian, Ed.D.*
