**5:30-8:30pm**

*or*

**Friday, March 29<sup>th</sup>, 2019**

**9am-12pm**

**When parents/guardians have well-organized school records, including evaluations, IEPs, work samples and medical information from their child's doctor or specialists, they are able to use that information to participate more effectively and confidently in meetings of the IEP team. This workshop provides participants with materials, strategies and a tool they can use to organize their child's records. Participants should bring their child's school paperwork to the workshop.**

**Pre-registration is required for this free workshop.** Pre-registration will ensure that we have sufficient materials for all participants. To pre-register or for more information, please contact Maura Pennisi at [mpennisi@communitycrossroadsnh.org](mailto:mpennisi@communitycrossroadsnh.org) or 893-1299 ext. 359. Refreshments will be served.
