

*Dear Families,*

*I hope that you had an enjoyable and a safe Labor Day weekend with family and friends. Despite last week's heat, thank you for the positive start to the 2018-19 school year. Our students and staff were simply amazing, and we are grateful to everyone for making the first days of school as comfortable as possible.*

*With the anticipated high temperatures for the next two days, please be sure that your children are well hydrated and have additional or refillable water bottles available. Precautions for outdoor activities continue to be in place, and we appreciate the additional water that you provided your children last week. Once again, thank you for all that you do each day.*

*Sincerely,*

*MaryAnn Connors-Krikorian, Ed. D.*
