

17-18 Elementary Science K-5 Year at a Glance

		Kindergarten	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
September	Trimester 1	Forces and Interactions: Pushes and Pulls	Space Systems: Patterns and Cycles	Earth's Systems: The Processes That Shape the Earth	Forces and Interactions	Earth's Systems: The Processes That Shape the Earth	Space Systems: Stars and the Solar Systems
October							
November							
December	Trimester 2	Weather	Waves: Sound/Light	Structure and Properties of Matter	Weather and Climate	Energy	Structure and Properties of Matter
January							
February						Waves: Waves and Information	
March							Matter and Energy in Organisms and Ecosystems
April	Trimester 3	Interdependent Relations in Ecosystems	Structure Function and Information Processing	Interdependent Relations in Ecosystems	Interdependent Relations in Ecosystems	Structure, Functions, and Information Processing of Plants and Animals	Earth Systems
May							
End of May through June					Inheritance and Variation of Traits
